EuroLight® Upgrade & Member Test

As announced on 17 April 2015, APX Group and EPEX SPOT are integrating their businesses. The first step is the migration of Clearing Services to European Commodity Clearing AG (ECC).

Further to the communication on the 29th February, this communication contains the latest information regarding Member Test.

Please see the below topics we will be covering in this communication:

1. Reminder on the EuroLight 8.1 launch
2. Trading platform upgrade to EuroLight 8.1
 - (i) Obtaining EuroLight 8.1
3. Member Test
 - (i) Member test for EuroLight 8.1
 - (ii) Member simulation for ECC

1. Reminder on EuroLight 8.1 launch

Go-live target date:

This is a reminder that a mandatory upgrade of the EuroLight client will take place on the date of the clearing migration. The launch date of the new EuroLight for Belpex will be the **30th March**.

2. Trading Platform upgrade to EuroLight 8.1

Important: It is imperative that users upgrade to EuroLight 8.1 as there will be no backwards compatibility.

Users will not be able to access the 802 client after this date.

Obtaining EuroLight® 8.1

To download the new EuroLight 8.1 client, please:

- Log on to the Member Area on www.belpex.be;
- Via the top menu bar, navigate to Member Area → Authorized User Information → Software & Manuals
- Click on the EuroLight 8.1 Client download link.

3. Member Testing

Member test for EuroLight 8.1

Member test for EuroLight 8.1 will be available from Tuesday 8th March 2016 10:00 CET, until go-live.

During this period members will be able to place orders on the Belpex DAM and the Belpex CIM.

Simulations of the Belpex DAM will be run on the following days and periods:

Type Auction	When	Closure order books	Results publication
Belpex DAM	Every Wednesday and Thursday (last auction is 24-03-2016)	15:00 (CET)	15:15 (CET)

To access the Member Test environment, please use the following IP addresses: 194.178.84.12

Backoffice Website and DataCapture Member Test environment can now be accessed with the following addresses:

- Backoffice Website: <https://NLmembertest.apx.nl>
- DataCapture: <https://NLmembertestdc.apx.nl>

The membership and trading fees will not be simulated during the member tests

Please make your IT department aware of these upcoming changes and timing of the Member Tests.

Member Simulation for ECC Clearing

Member simulation environment for ECC Clearing will be available again for full end to end testing on the 23th March only. This will allow members to do a full end to end test. On this day ECC will provide trade, payment and delivery reports for Day Ahead Market via email. Nominations will be excluded from the end to end test.

Please note, ECC will provide trade, payment and delivery reports for all Belpex transactions. On member's request, ECC will provide bilaterally a full set of example files.

Please see enclosed with this member update the 'ECC Member Simulation' document. All members who wish to participate in the ECC Clearing member simulation must complete the form and return via email to clearing@ecc.de.

ECC will then send you your log-in details to access their back office systems.
